

With this computer system upgrade, we will be making our account numbers more consistent. All account numbers will now be 11 digit numbers. You will still see your current member number embedded in the new number.

Below are examples of how a five digit new account number will appear.

Your specific account may appear slightly different.

Product	Current Account # Example	New Account Prefix	New Account Suffix	Combined New Account Number
Share/Savings or Kirby	12525	Begins with 1	Ends with 00	10001252500
Christmas Club	12525	Begins with 1	Ends with 01	10001252501
IRA Accumulation Account	12525	Begins with 1	Ends in 03 or 06	10001252503 or 10001252506
Share or IRA Certificate	12525	Begins with 2	Ends with 01 or current account suffix (certificate 1, 2, etc.)	20001252501
Auto or Consumer Loan	12525	Begins with 3	Ends with current loan suffix number (ex. 93)	30001252593
Line of Credit	12525	Begins with 3	Ends with 90 or 91	30001252590 or 30001252591
